**Christian Aid Week 10-16 May 2021**

Christian Aid has been working with its partners to help needy people and to fight injustice around the world for the past 75 years.

Christian Aid wants to act again now, to help relieve suffering and build a world where everyone has a safe place to call home.

Climate chaos is one of the greatest injustices we face. Droughts are now more frequent and more intense due to the climate crisis. Many people across the world are struggling to get enough food and water. They are caught in a cycle of climate chaos. From severe drought to flooding, extreme weather robs them of what they need to survive: a reliable source of water.

With Christian Aid we can stand with people like this for every last drop of water and help them fight the climate crisis.

**This Christian Aid Week, will you help them fight the climate crisis?**

**Together we can STOP this climate crisis.**

Everyone is equal in the sight of God. And for over seven decades, this truth has inspired people like you to stand together in solidarity with our most marginalised global neighbours. Now, as we look ahead, we hope you will choose to celebrate with us.
